Professional Summary

Computer Science student with a 3.97 CGPA who enjoys building software that solves real-world problems. Experienced in developing full-stack web applications with React, Next.js, Node.js, and Python, with growing expertise in AI and LLM integration. Passionate about transforming ideas into practical, user-focused solutions through continuous learning and hands-on projects.

Education

Northern University, Nowshera	Expected 2028
Bachelor of Science in Computer Science (BSCS)	
Current Semester: 5th	CGPA: 3.97 /4.00

Technical Skills

Languages	Python, JavaScript, Java, C++, HTML, CSS
Frontend	React.js, Next.js, HTML5, CSS3
Backend	Node.js, Express.js, REST APIs
Databases	SQL Server, MongoDB (Learning)
AI / ML	Scikit-learn, Linear Regression, LLM Integration
Tools	Git, GitHub, VS Code, Cursor, Postman, ChatGPT, Claude

Featured Projects

AI-Powered Interactive Learning Platform	React.js, Express.js, Supabase, LLM API
- Developed an AI-powered learning platform that converts traditional text into interactive learning experiences for students. - Integrated an LLM through an Express.js backend to generate personalized content based on user prompts and selected difficulty levels. - Implemented flashcards, quizzes, timelines, diagrams, simulations, and visualizations to improve engagement and learning outcomes.	

Personal Portfolio	Next.js, React.js, JavaScript, CSS, Vercel
- Designed and developed a modern developer portfolio showcasing projects, skills, certifications, and achievements. - Implemented responsive layouts, interactive animations, and performance optimizations with automated deployment on Vercel.	

Hotel Management System	Java
- Built a console-based application for managing hotel rooms, customer records, and booking operations. - Applied object-oriented programming concepts and modular design to strengthen Java development skills.	

Medical Store Management System	Java
--	------

- Collaborated on a team-based console application for managing medicine inventory, customer information, and sales transactions.
- Implemented inventory tracking and sales management features using object-oriented programming principles.

Certifications

- Microsoft Student Ambassador (2026)
- DigiSkills – Communication & Soft Skills
- DigiSkills – Graphic Designing
- DigiSkills – Video Editing, Animation & Vlogging
- SoloLearn – HTML, CSS, and JavaScript

Achievements & Leadership

- **1st Place – Inter-University Speech Competition (2025)** for a debate on the impact of social media.
- Database Optimization Competition Participant (2026), Northern University.
- Speed Programming Competition Participant (2024), Northern University.
- Certificate of Appreciation – Organizing Society, Northern University (2025).
